

# Conduent Q3 2025 Financial Results

November 07, 2025

# Cautionary Statements

## Forward-Looking Statements

This document, any exhibits or attachments to this document, and other public statements we make may contain “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. The words “anticipate,” “believe,” “estimate,” “expect,” “expectations,” “in front of us,” “plan,” “intend,” “will,” “aim,” “should,” “could,” “forecast,” “target,” “may,” “continue to,” “looking to continue,” “endeavor,” “if,” “growing,” “projected,” “potential,” “likely,” “see,” “ahead,” “further,” “going forward,” “on the horizon,” “as we progress,” “going to,” “path from here forward,” “think,” “path to deliver,” “from here,” “on track,” “remain” and similar expressions (including the negative and plural forms of such words and phrases), as they relate to us, are intended to identify forward-looking statements, but the absence of these words does not mean that a statement is not forward looking. All statements other than statements of historical fact included in this presentation or any attachment to this presentation are forward-looking statements, including, but not limited to, statements regarding our financial results, condition and outlook; changes in our operating results; general market and economic conditions; and our projected financial performance for the full year 2025, including all statements made under the sections captioned “FY 2025 Outlook and Mid-Term Outlook” and “Segment Adjusted Revenue Trend” within this presentation. These statements reflect our current views with respect to future events and are subject to certain risks, uncertainties and assumptions many of which are outside of our control, that could cause actual results to differ materially from those expected or implied by such forward-looking statements contained in this document, any exhibits to this document and other public statements we make.

Important factors and uncertainties that could cause our actual results to differ materially from those in our forward-looking statements include, but are not limited to: government appropriations and termination rights contained in our government contracts; the competitiveness of the markets in which we operate and our ability to renew commercial and government contracts, including contracts awarded through competitive bidding processes; our ability to recover capital and other investments in connection with our contracts; our reliance on third-party providers; risk and impact of geopolitical events and increasing geopolitical tensions (such as the war in the Ukraine and the conflict in the Middle East), macroeconomic conditions, natural disasters and other factors in a particular country or region on our workforce, customers and vendors; our ability to deliver on our contractual obligations properly and on time; changes in interest in outsourced business process services; claims of infringement of third-party intellectual property rights; our ability to estimate the scope of work or the costs of performance in our contracts; the loss of key senior management and our ability to attract and retain necessary technical personnel and qualified subcontractors; our failure to develop new service offerings and protect our intellectual property rights; our ability to modernize our information technology infrastructure and consolidate data centers; expectations relating to environmental, social and governance considerations; utilization of our stock repurchase program; risks related to our use of artificial intelligence; the failure to comply with laws relating to individually identifiable information and personal health information; the failure to comply with laws relating to processing certain financial transactions, including payment card transactions and debit or credit card transactions; breaches of our information systems or security systems or any service interruptions; risks related to hacking or other cybersecurity threats to our data systems, information systems and network infrastructure and other service interruptions, including relating to the previously disclosed cyber event that took place in January 2025, including Conduent’s investigation of such incident and mitigation and remediation efforts, the nature and extent of such incident, the potential disruption to our business or operations, the potential impact on Conduent’s reputation, and Conduent’s assessments of the likely financial and operational impacts of such incident; our ability to comply with data security standards; developments in various contingent liabilities that are not reflected on our balance sheet, including those arising as a result of being involved in a variety of claims, lawsuits, investigations and proceedings; risks related to recently completed divestitures including the (i) transfer of the Company’s BenefitWallet’s health savings account, medical savings account and flexible spending account portfolio, (ii) the sale of the Company’s Curbside Management and Public Safety Solutions businesses and (iii) the sale of the Company’s Casualty Claims Solutions business, including but not limited to the Company’s ability to realize the benefits anticipated from such transactions, unexpected costs, liabilities or delays in connection with such transactions, and the significant transaction costs associated with such transactions; risk and impact of potential goodwill and other asset impairments; our significant indebtedness and the terms of such indebtedness; our failure to obtain or maintain a satisfactory credit rating and financial performance; our ability to obtain adequate pricing for our services and to improve our cost structure; our ability to collect our receivables, including those for unbilled services; a decline in revenues from, or a loss of, or a reduction in business from or failure of significant clients; fluctuations in our non-recurring revenue; increases in the cost of voice and data services or significant interruptions in such services; our ability to receive dividends or other payments from our subsidiaries; and other factors that are set forth in the “Risk Factors” section, the “Legal Proceedings” section, the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section and other sections in our Annual Reports on Form 10-K, as well as in our Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with or furnished to the Securities and Exchange Commission. Any forward-looking statements made by us in this presentation speak only as of the date on which they are made. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements, whether because of new information, subsequent events or otherwise, except as required by law.

## **Non-GAAP Financial Measures**

We have reported our financial results in accordance with accounting principles generally accepted in the U.S. (U.S. GAAP). In addition, we have discussed our financial results using non-GAAP measures. We believe these non-GAAP measures allow investors to better understand the trends in our business and to better understand and compare our results. Accordingly, we believe it is necessary to adjust several reported amounts, determined in accordance with U.S. GAAP, to exclude the effects of certain items as well as their related tax effects. Management believes that these non-GAAP financial measures provide an additional means of analyzing the results of the current period against the corresponding prior period. However, these non-GAAP financial measures should be viewed in addition to, and not as a substitute for, our reported results prepared in accordance with U.S. GAAP. Our non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable U.S. GAAP measures and should be read only in conjunction with our Consolidated Financial Statements prepared in accordance with U.S. GAAP. Our management regularly uses our non-GAAP measures internally to understand, manage and evaluate our business and make operating decisions. Providing such non-GAAP financial measures to investors allows for a further level of transparency as to how management reviews and evaluates our business results and trends. These non-GAAP measures are among the primary factors management uses in planning for and forecasting future periods. Compensation of our executives is based in part on the performance of our business based on certain of these non-GAAP measures. Refer to the "Non-GAAP Financial Measures" and "Non-GAAP Reconciliations" sections in this document for a discussion of these non-GAAP measures and their reconciliation to the reported U.S. GAAP measures.

# Q3 2025 Highlights

## Q3 Results / Metrics

- Adj. Revenue<sup>(1)</sup>: \$767M
- Adj. EBITDA<sup>(1)</sup>: \$40M
- Adj. EBITDA Margin<sup>(1)</sup>: 5.2%
- New Business Signings ACV<sup>(2)</sup>: \$111M
- Net ARR Activity Impact (TTM)<sup>(2,3)</sup>: \$25M

## Highlights

- Adjusted Revenue in line with guidance, approaching positive year-over-year growth
- Adjusted EBITDA margin up year-over-year and sequentially, in line with guidance
- New business signings consistent year-over-year, despite uncertainty in timing of government procurements; stronger relative sales performance in Transportation
- Successfully completed refinancing of the Company's revolving credit facility and paid off the Term Loan A
- Cash and Free Cash Flow influenced by the timing of milestone payments and Federal funding delays
- Expanded Board of Directors by adding former Deloitte US Chair
- Strong sales pipeline with a continued focus on Commercial opportunities, efficiency improvements, AI driven enhancements, and portfolio optimization

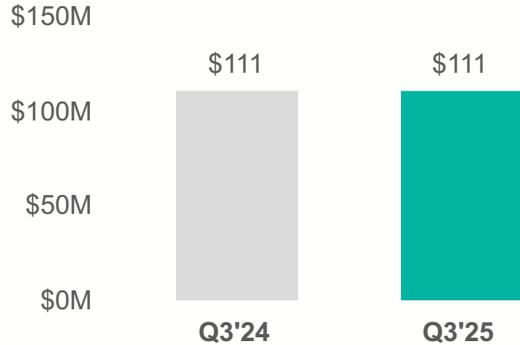

(1) Refer to Appendix for complete Non-GAAP reconciliations of Adjusted Revenue, Adjusted EBITDA and Adjusted EBITDA Margin.

(2) Full definition in the Appendix.

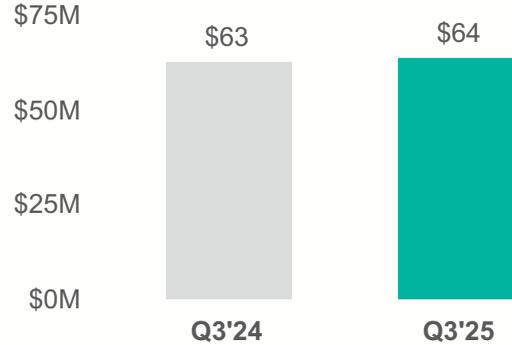

(3) Trailing Twelve Months.

# Key Sales Metrics

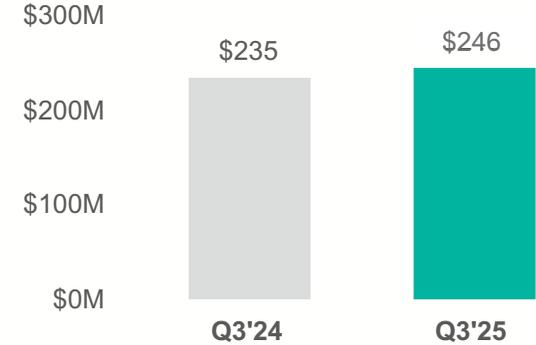

**New Business ACV<sup>(1)</sup>**

**New Business ARR<sup>(1)</sup>**

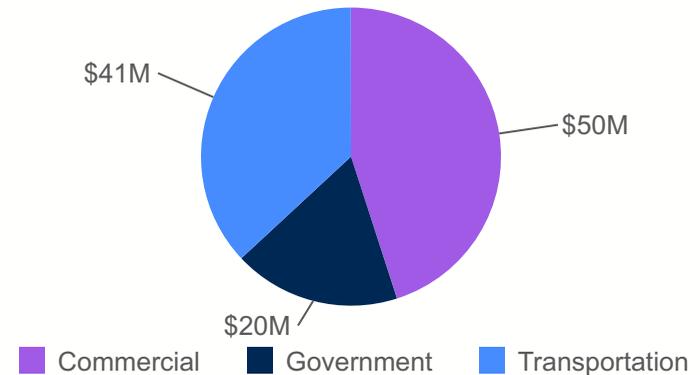

**New Business TCV<sup>(1)</sup>**

**Net ARR Activity (TTM)<sup>(1,2)</sup>**

**Q3 New Business ACV<sup>(1)</sup> by Segment**

(1) Full definition in the Appendix.  
 (2) Trailing Twelve Months.

# Key Sales Metrics

## New Business ACV<sup>(1)</sup> Signings

## TCV Signings (incl. ARR<sup>(1)</sup> + NRR<sup>(1)</sup>)

## New Business (ARR<sup>(1)</sup> + NRR<sup>(1)</sup>) Breakdown

# Q3 2025 P&L Metrics

## Adj. Revenue<sup>(1)</sup>

## Adj. Revenue<sup>(1)</sup> Trend (Y/Y Compare)

## Adj. EBITDA<sup>(1)</sup> / Adj. EBITDA Margin<sup>(1)</sup>

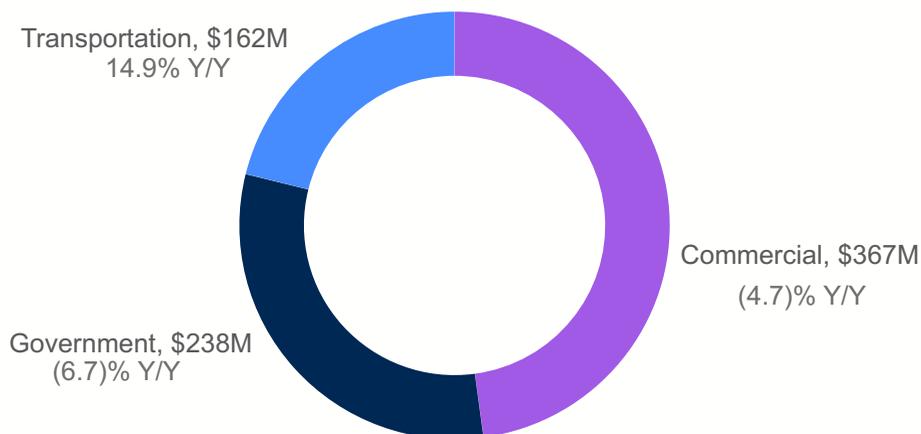

- **Adj. Revenue<sup>(1)</sup>:** Declines in our Commercial and Government segments, primarily driven by lower volumes and contract losses, partially offset by strong growth in our Transportation segment, driven by higher equipment sales.
- **Adj. EBITDA<sup>(1)</sup> and Adj. EBITDA Margin<sup>(1)</sup>:** Increase primarily driven by software license agreement and cost optimization.

(1) Refer to Appendix for complete Non-GAAP reconciliations of Adjusted Revenue, Adjusted EBITDA and Adjusted EBITDA Margin.

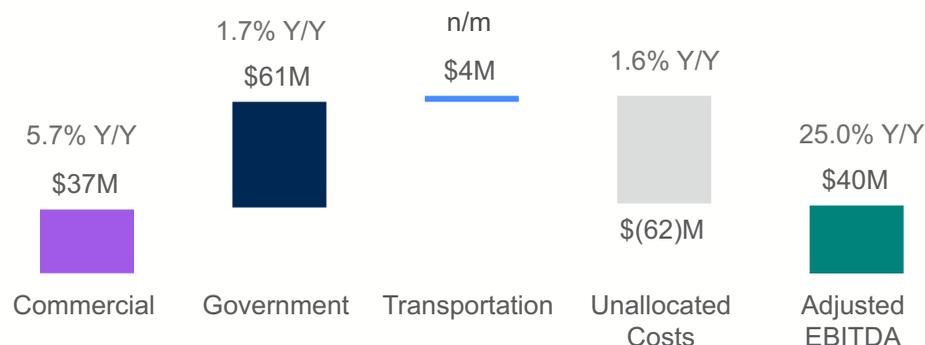

(2) Refer to definition in Appendix.

# Q3 2025 P&L by Segment

## Adj. Revenue<sup>(1)</sup>

## Adj. EBITDA<sup>(1)</sup> Contributions

- **Commercial:** Decrease primarily driven by lower volumes and lost business, partially offset by new business signings, including a term software license agreement.
- **Government:** Decrease primarily due to contract losses, lower volumes and impacts related to the extensions of several implementations. These declines were partially offset by ramp of new business.
- **Transportation:** Increase driven by strong net ramp activity, including equipment sales, and volume.

- **Commercial:** Increase primarily driven by cost optimization and the term software license agreement; margin 10.1% up 100 bps Y/Y.
- **Government:** Increase primarily due to cost optimization as well as an AI implementation that lowered fraud costs; margin 25.6% up 210 bps Y/Y.
- **Transportation:** \$4 million increase primarily driven by revenue growth; margin 2.5% up 250 bps Y/Y.
- **Unallocated Costs:** Improvement primarily due to cost efficiencies in corporate functions, offset by higher employee healthcare claims.

(1) Refer to Appendix for complete Non-GAAP reconciliations of Adjusted Revenue, Adjusted EBITDA and Adjusted EBITDA Margin.

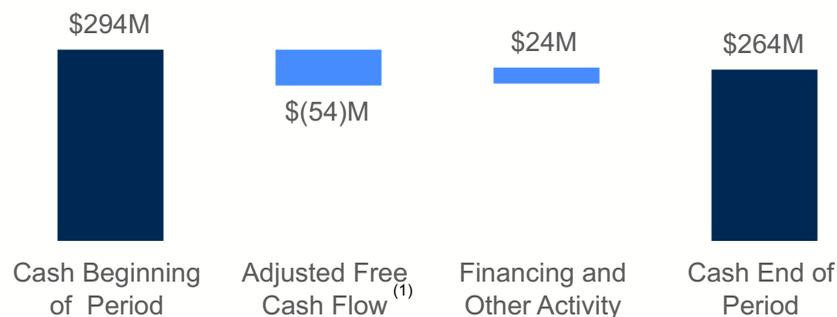

# Q3 2025 Cash Flow and Balance Sheet

## Balance Sheet

(\$ in millions)	12/31/2024	9/30/2025
Total Cash <sup>(5)</sup>	\$377	\$264
Total Debt <sup>(6)</sup>	608	654
Term Loan A <sup>(7)</sup> due 2026	88	—
Revolving Credit Facility <sup>(8)</sup>	—	134
Senior Notes due 2029	520	520
Finance leases and Other loans	38	63
Net adjusted leverage ratio <sup>(4)</sup>	1.6x	3.2x

- Adj. Free Cash Flow<sup>(1)</sup>: \$(54)M
- Capex<sup>(2)</sup> as % of revenue: 3.8%<sup>(3)</sup>
- Net adjusted leverage ratio<sup>(4)</sup>: 3.2x
- \$264M of cash<sup>(5)</sup> at end of Q3 2025
- \$198M Unused Revolving Credit Facility
- Shares repurchased: 4.7M

## Q3 2025 Cash<sup>(5)</sup> Balance Changes

## Senior Notes Maturity<sup>(9)</sup>

■ Senior Notes

# FY 2025 Outlook<sup>(2)</sup> and Mid-Term Outlook<sup>(2)</sup>

	FY 2024 Actuals	FY 2025 Outlook <sup>(2)</sup>	2025 Exit Rates
Adj. Revenue <sup>(1)</sup>	\$3,176M	\$3,050M - \$3,100M	\$3,200M - \$3,300M
Adj. EBITDA Margin <sup>(1)</sup>	3.9%	5.0% - 5.5%	Approx. 8%

## Other Modeling Considerations

Adj. Free Cash Flow <sup>(1)(3)</sup>	\$(59)M	TBD	\$60M - \$80M
Interest Expense	\$75M	Approx. \$45M	Approx. \$38M
Restructuring	\$46M	Approx. \$35M	Approx. \$15M
CapEx	\$73M	Approx. \$80M	Approx. \$80M

(1) Refer to Appendix for complete Non-GAAP reconciliations of Adjusted Revenue, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Free Cash Flow.

(2) Refer to Appendix for additional information regarding Non-GAAP Outlook.

(3) Regarding 2025 Outlook, the timing of Adjusted Free Cash Flow has been deferred due to challenges with State and Federal Funding, along with delays in achieving key milestones. We expect to collect the cash, but timing of the resolution of the shutdown, state budget impasses, and some milestones makes the range of outcomes too wide to be able to provide guidance

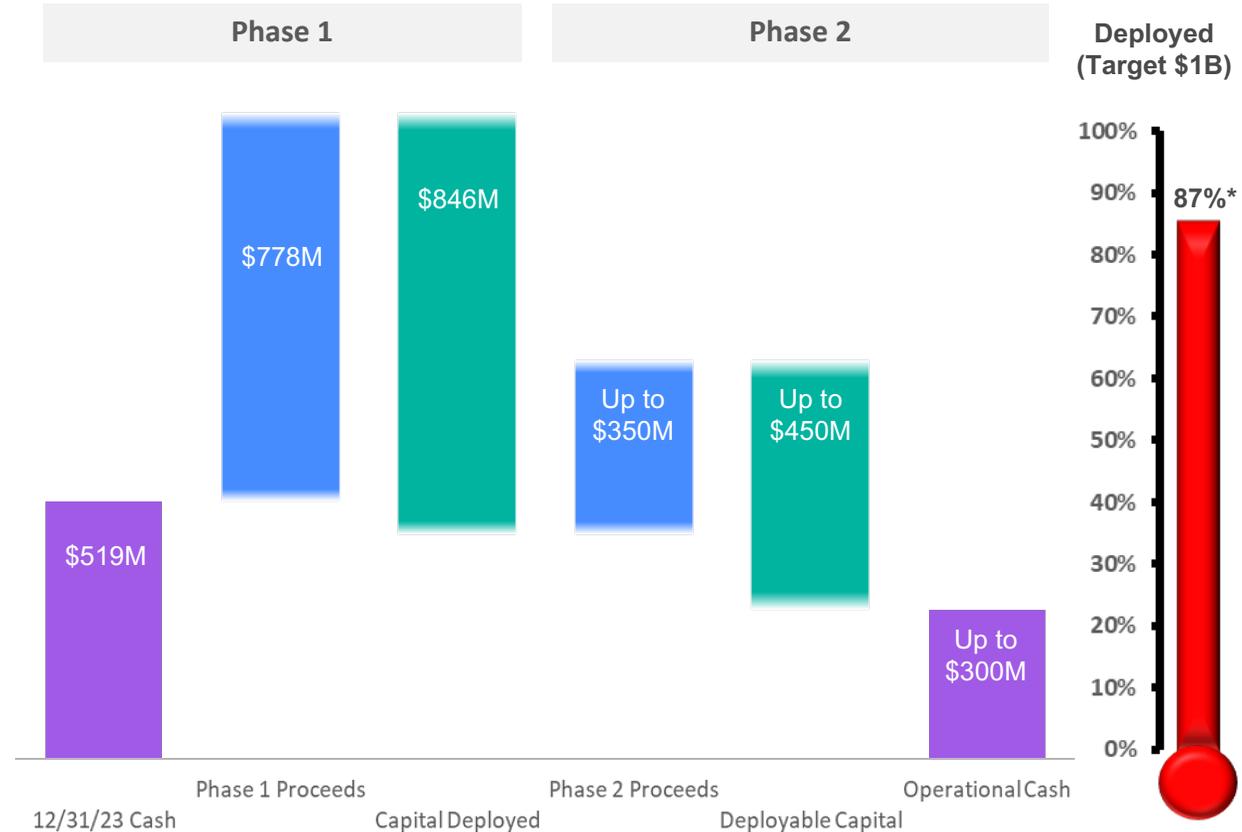

# Portfolio Rationalization Update

## Portfolio Rationalization

- Phase 1: Three divestitures executed in 2024 generating \$778M of net proceeds
- Phase 2: Additional rationalization opportunities identified representing up to \$350M of net proceeds

## Capital Allocation

- 87% of \$1B capital target deployed
  - ~70M shares repurchased since 2023, including 4.7M in Q3 2025
  - \$639M of debt repaid
- Phase 2 projected to surpass our \$1B target

\*As of 9/30/25

## People, Process and Capabilities

- Revised commercial organizational model with plans underway to enhance sales talent and go to market approach
- Conduent's platforms now almost entirely embedded with various forms of AI and Generative AI

## Technology and Intellectual Property

- Rolled out Conduent's first state EMV solution for SNAP benefits, with other states on the way
- Numerous AI initiatives rolled out including:
  - Fraud solution improvements in our benefit delivery platforms
  - Customer Service Agent assist solutions
  - Language smoothing and translation tools in offshore servicing
  - Automation tools in our digitization platforms

## Growth Metrics

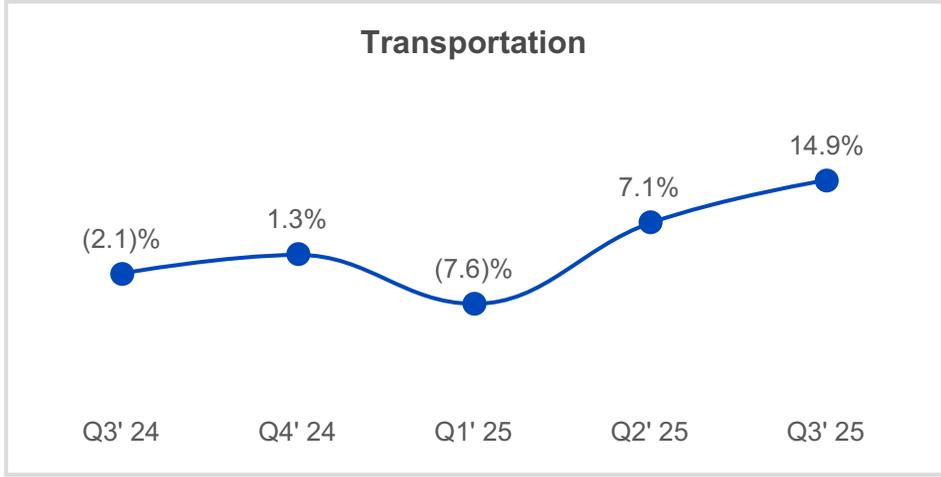

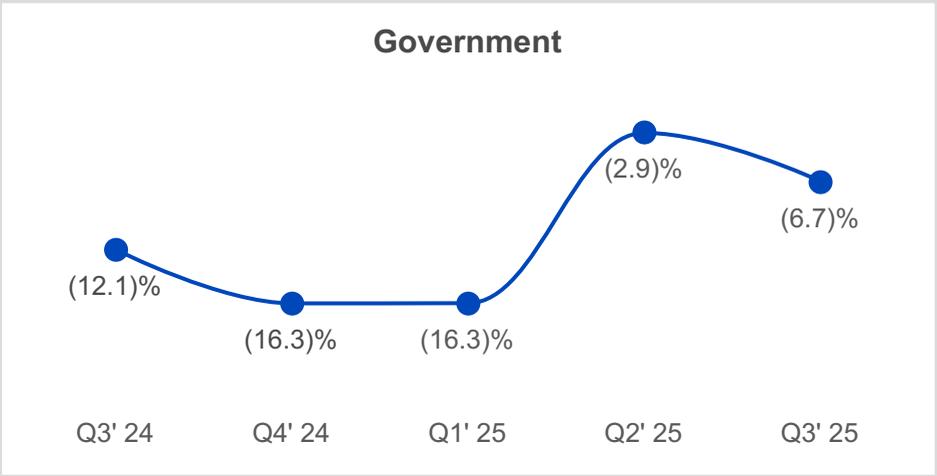

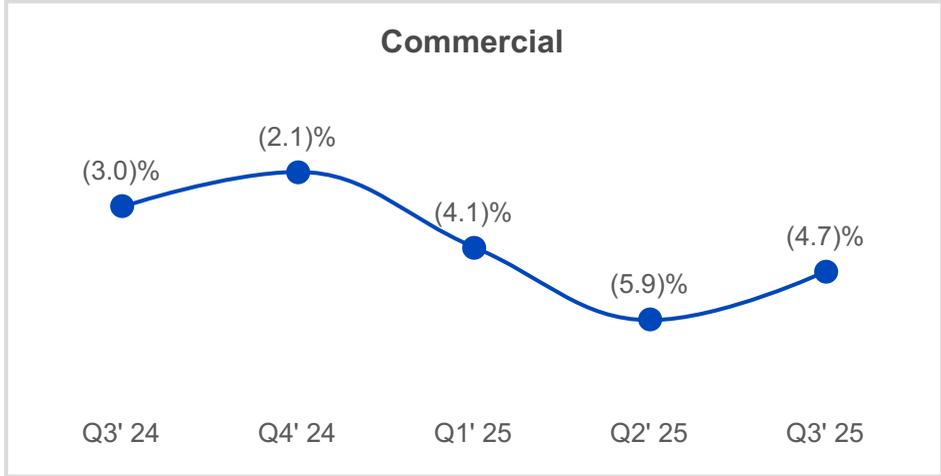

- Sales pipeline up 9% year over year
- Sales consistent amidst government shutdown, indicates potential pent up demand
- EBITDA Margin continues to expand

## Success Stories

- Completed refinancing of the Company's revolving credit facility
- Awarded numerous contracts including early success in licensing software, but not limited to:
  - Richmond's pay by plate toll collection system
  - Delaware's public health tracking technology licensed from Conduent
  - Licensed HSP Software solution to a large Medicare -Medicaid public health plan

# Appendix

# Segment Adjusted Revenue<sup>(1)</sup> Trend

### Adj. Revenue<sup>(1)</sup> Growth Rates (2025 Exit Rate):

As communicated in the March 2023 Investor Briefing, the expected growth rates for each business segment exiting 2025 are as follows:

- Commercial:** 3% to 5%
- Government:** ~3%
- Transportation:** ~4%

(1) Refer to complete Non-GAAP reconciliations of Adjusted Revenue elsewhere in this Appendix.

# Definitions

---

**New Business Total Contract Value (TCV):** Estimated total future revenues from contracts signed during the period related to new logo, new service line or expansion with existing customers.

**New Business Non-Recurring Revenue (NRR):** Metric measures the non-recurring revenue for any new business signing, includes:

- i. Signing value of any contract with term less than 12 months;
- ii. Signing value of project based revenue, not expected to continue long term.

**New Business Annual Recurring Revenue (ARR):** Metric measures the revenue from recurring services provided to the client for any new business signing. ARR represents the recurring services provided to a customer with the opportunity for renewal at the end of the contract term. The calculation of ARR is (Total Contract Value less Non-Recurring Revenue) divided by the Contract Term.

**New Business Annual Contract Value (ACV):** (New Business TCV / contract term) multiplied by 12.

**Renewal TCV Signings:** Estimated total future revenues from contracts signed during the period related to renewals.

**Renewal Signings Annual Recurring Revenue (ARR):** Metric measures the revenue from recurring services provided to the client for any renewal signing. ARR represents the recurring services provided to a customer with the opportunity for renewal at the end of the contract term. The calculation of ARR is: (Total Contract Value - Non-Recurring Revenue) / the Contract Term.

**Net ARR Activity Metric (TTM):** Projected ARR for contracts signed in the prior 12 months, less the annualized impact of any client losses, contractual volume and price changes, and other known impacts for which the Company was notified in that same time period, which could positively or negatively impact results. The metric annualizes the net impact to revenue. Timing of revenue impact varies and may not be realized within the forward 12-month timeframe. The metric is for indicative purposes only. This metric excludes non-recurring revenue signings. This metric is not indicative of any specific 12 month timeframe.

**Total New Business Pipeline (Cumulative Pipeline):** Total new business ACV pipeline of deals at or beyond the qualified prospect stage. This extends past the next twelve-month period to include total pipeline, excluding the impact of divested business as required.

**Implied New Business Average Contract Length:**  $(\text{New business TCV} - \text{New business NRR}) / \text{New business ARR} = \text{Implied New Business Average Contract Length}$ .

**TTM:** Trailing twelve months.

**CC:** Constant Currency as defined in "Non-GAAP Financial Measures"

# Non-GAAP Financial Measures

## Non-GAAP Financial Measures

We have reported our financial results in accordance with accounting principles generally accepted in the U.S. (U.S. GAAP). In addition, we have discussed our financial results using non-GAAP measures. We believe these non-GAAP measures allow investors to better understand the trends in our business and to better understand and compare our results. Accordingly, we believe it is necessary to adjust several reported amounts, determined in accordance with U.S. GAAP, to exclude the effects of certain items as well as their related tax effects. Management believes that these non-GAAP financial measures provide an additional means of analyzing the results of the current period against the corresponding prior period. However, these non-GAAP financial measures should be viewed in addition to, and not as a substitute for, the Company's reported results prepared in accordance with U.S. GAAP. Our non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable U.S. GAAP measures and should be read only in conjunction with our Consolidated Financial Statements prepared in accordance with U.S. GAAP. Our management regularly uses our non-GAAP financial measures internally to understand, manage and evaluate our business and make operating decisions. Providing such non-GAAP financial measures to investors allows for a further level of transparency as to how management reviews and evaluates our business results and trends. These non-GAAP measures are among the primary factors management uses in planning for and forecasting future periods. Compensation of our executives is based in part on the performance of our business based on certain of these non-GAAP measures.

Management cautions that amounts presented in accordance with Conduent's definition of non-GAAP financial measures may not be comparable to similar measures disclosed by other companies because not all companies calculate non-GAAP measures in the same manner.

Reconciliations of the following non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with U.S. GAAP Reconciliations are provided below.

These reconciliations also include the income tax effects for our non-GAAP performance measures in total, to the extent applicable. The income tax effects are calculated under the same accounting principles as applied to our reported pre-tax performance measures under ASC 740, which employs an annual effective tax rate method. The noted income tax effect for our non-GAAP performance measures is effectively the difference in income taxes for reported and adjusted pre-tax income calculated under the annual effective tax rate method. The tax effect of the non-GAAP adjustments was calculated based upon evaluation of the statutory tax treatment and the applicable statutory tax rate in the jurisdictions in which such charges were incurred.

### **Adjusted Revenue, Adjusted Profit Before Tax, Adjusted Net Income (Loss), Adjusted Diluted Earnings per Share, Adjusted Weighted Average Common Shares Outstanding, and Adjusted Effective Tax Rate.**

We make adjustments to Revenue, Net Income (Loss) before Income Taxes for the following items, as applicable, to the particular financial measure, for the purpose of calculating Adjusted Revenue, Adjusted Net Income (Loss), Adjusted Profit Before Tax, Adjusted Diluted Earnings per Share, Adjusted Weighted Average Common Shares Outstanding, and Adjusted Effective Tax Rate:

- Amortization of acquired intangible assets. This is driven by acquisition activity, which can vary in size, nature and timing as compared to other companies within our industry and from period to period.
- Restructuring and related costs. This includes restructuring and asset impairment charges as well as costs associated with our strategic transformation program.
- (Gain) loss on divestitures and transaction costs, net. Represents (gain) loss on divested businesses and transaction costs.
- Goodwill Impairment. This represents goodwill impairment charges arising from annual or interim goodwill testing.
- Loss on extinguishment of debt. This represents write-off related debt issuance costs related to prepayments of debt.
- Litigation settlements (recoveries), net. Litigation settlements (recoveries), net represents provisions for various matters subject to litigation.
- Direct response costs - cyber event. This represents costs related to investigating, remediating and responding to the cyber event that occurred in January 2025.
- Other charges (credits). This includes Other (income) expenses, net on the Consolidated Statements of Income (loss) and other adjustments.
- Divestitures. Revenue and Adjusted EBITDA of divested businesses are excluded.

The Company provides adjusted net income and adjusted EPS financial measures to assist our investors in evaluating our ongoing operating performance for the current reporting period and, where provided, over different reporting periods, by adjusting for certain items which may be recurring or non-recurring and which in our view do not necessarily reflect ongoing performance. We also internally use these measures to assess our operating performance, both absolutely and in comparison to other companies, and in evaluating or making selected compensation decisions.

Management believes that the adjusted effective tax rate, provided as supplemental information, facilitates a comparison by investors of our actual effective tax rate with an adjusted effective tax rate which reflects the impact of the items which are excluded in providing adjusted net income and certain other identified items, and may provide added insight into our underlying business results and how effective tax rates impact our ongoing business.

# Non-GAAP Financial Measures

---

## Adjusted Revenue, Adjusted Operating Income and Adjusted Operating Margin.

We make adjustments to Revenue, Costs and Expenses and Operating Margin for the following items, as applicable, for the purpose of calculating Adjusted Revenue, Adjusted Operating Income and Adjusted Operating Margin:

- Amortization of acquired intangible assets.
- Restructuring and related costs.
- Interest expense. Interest expense includes interest on long-term debt and amortization of debt issuance costs.
- Goodwill impairment.
- (Gain) loss on divestitures and transaction costs, net.
- Litigation settlements (recoveries), net.
- Loss on extinguishment of debt.
- Direct response costs - cyber event.
- Other charges (credits).
- Divestitures.

We provide our investors with adjusted revenue, adjusted operating income and adjusted operating margin information, as supplemental information, because we believe it offers added insight, by itself and for comparability between periods, by adjusting for certain non-cash items as well as certain other identified items which we do not believe are indicative of our ongoing business, and may also provide added insight on trends in our ongoing business.

# Non-GAAP Financial Measures

---

## Adjusted EBITDA and EBITDA Margin

We use Adjusted EBITDA and Adjusted EBITDA Margin as an additional way of assessing certain aspects of our operations that, when viewed with the U.S. GAAP results and the accompanying reconciliations to corresponding U.S. GAAP financial measures, provide a more complete understanding of our on-going business. Adjusted EBITDA represents income (loss) before interest, income taxes, depreciation and amortization and contract inducement amortization adjusted for the following items. Adjusted EBITDA Margin is Adjusted EBITDA divided by revenue or adjusted revenue, as applicable:

- Restructuring and related costs.
- Goodwill impairment.
- (Gain) loss on divestitures and transaction costs, net.
- Litigation settlements (recoveries), net.
- Loss on extinguishment of debt.
- Direct response costs - cyber event.
- Other charges (credits).
- Divestitures.

Adjusted EBITDA is not intended to represent cash flows from operations, operating income (loss) or net income (loss) as defined by U.S. GAAP as indicators of operating performance.

# Non-GAAP Financial Measures

## Free Cash Flow

Free Cash Flow is defined as cash flows from operating activities as reported on the consolidated statement of cash flows, less cost of additions to land, buildings and equipment, cost of additions to internal use software, and proceeds from sales of land, buildings and equipment, as applicable. We use the non-GAAP measure of Free Cash Flow as a criterion of liquidity. We use Free Cash Flow as a measure of liquidity to determine amounts we can reinvest in our core businesses, such as amounts available to make acquisitions and invest in land, buildings and equipment and internal use software, after required payments on debt. In order to provide a meaningful basis for comparison, we are providing information with respect to our Free Cash Flow reconciled to cash flow provided by operating activities, which we believe to be the most directly comparable measure under U.S. GAAP.

## Adjusted Free Cash Flow

Adjusted Free Cash Flow is defined as Free Cash Flow from above plus adjustments for litigation insurance recoveries, transaction costs, taxes paid on gains from divestitures and litigation recoveries, proceeds from failed sale-leaseback transactions and certain other identified adjustments, as applicable. We use Adjusted Free Cash Flow, in addition to Free Cash Flow, to provide supplemental information to our investors concerning our ability to generate cash from our ongoing operating activities; by excluding these items, we believe we provide useful additional information to our investors to help them further understand our ability to generate cash period-over-period as well as added information on comparability to our competitors. Such as with Free Cash Flow information, as so adjusted, it is specifically not intended to provide amounts available for discretionary spending. We have added certain adjustments to account for items which we do not believe reflect our core business or operating performance, and we computed all periods with such adjusted costs.

## Revenue at Constant Currency

To better understand trends in our business, we believe that it is helpful to adjust revenue to exclude the impact of changes in the translation of foreign currencies into U.S. Dollars. We refer to this adjusted revenue as "constant currency." Currency impact is determined as the difference between actual growth rates and constant currency growth rates. This currency impact is calculated by translating the current period activity in local currency using the comparable prior-year period's currency translation rate.

## Non-GAAP Outlook

In providing the outlooks for Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Free Cash Flow we exclude certain items which are otherwise included in determining the comparable U.S. GAAP financial measure. A description of the adjustments which historically have been applicable in determining Adjusted EBITDA, Adjusted EBITDA Margin, and Adjusted Free Cash Flow are reflected in the table within this presentation. We are providing such outlooks only on a non-GAAP basis because the Company is unable without unreasonable efforts to predict with reasonable certainty the totality or ultimate outcome or occurrence of these adjustments for the forward-looking period, which can be dependent on future events that may not be reliably predicted. Based on past reported results, where one or more of these items have been applicable, such excluded items could be material, individually or in the aggregate, to reported results. We have provided outlooks for Adjusted revenue only on a non-GAAP basis using foreign currency translation rates as of fiscal year end due to the inability to, without unreasonable efforts, accurately predict foreign currency impact on revenues.

# Non-GAAP Reconciliations

### The below footnotes correspond to the "Non-GAAP Reconciliations" slides

1. *Adjusted for the full impact from revenue and income/loss from divestitures for all periods presented.*
2. *Included in Depreciation and amortization on the Consolidated Statements of Income (Loss).*
3. *The tax impact of Adjusted Pre-tax income (loss) was calculated under the same accounting principles applied to the 'As Reported' pre-tax income (loss), which employs an annual effective tax rate method to the results and without regard to the adjustments listed.*
4. *Average shares for the 2025 and 2024 calculation of adjusted EPS excludes 5.4 million shares associated with our Series A convertible preferred stock and includes the impact of the preferred stock dividend of approximately \$2 million each quarter.*

# CONTINUED

## The below footnotes correspond to the "Q3 2025 Cash Flow and Balance Sheet" slide

- (1) Refer to Appendix for complete Non-GAAP reconciliations of Adjusted Free Cash Flow.
- (2) Capex refers to additions to Land, Buildings & Equipment, Internal Use Software, Product Software Additions and Software as a Service Implementation Cost.
- (3) Q4 2024 Capex includes the reimbursement by the buyer of divested businesses for assets purchased prior to Q4 2024.
- (4) Net debt (Total Debt, including finance leases and other as well as deferred financing costs; less unrestricted cash) divided by TTM Adjusted EBITDA (before divestitures). See reconciliation below.
- (5) Total Cash includes \$16M and \$11M of restricted cash as of September 30, 2025 and December 31, 2024, respectively.
- (6) Total Debt as of September 30, 2025 includes Senior Notes and outstanding revolver balance; December 31, 2024 includes Term Loan A and Senior Notes.
- (7) Term Loan A interest rate: Secured Overnight Financing Rate ("SOFR") + 225 bps.
- (8) \$134M outstanding under its Revolving Credit Facility Interest Rate ("SOFR") + 170 to 300 bps; remaining unused capacity is \$198M as of September 30, 2025
- (9) Debt maturity amounts reflect only Senior Notes due 2029 and exclude all other debt instruments, finance leases, and potential mandatory prepayments.

## Reconciliation of Net Debt and Net Adjusted Leverage Ratio

(\$ in millions, except ratio)

	September 30, 2025	December 31, 2024
Long-term debt	\$ 697	\$ 615
Current portion of long-term debt	16	24
<b>Total GAAP debt</b>	<b>713</b>	<b>639</b>
less cash and cash equivalents	248	366
<b>Net Debt</b>	<b>\$ 465</b>	<b>\$ 273</b>
